

Solomon Islands

December 3-13, 2013
Aboard the *Bilikiki*

The Solomon Islands have something for everyone. Supporting an amazing number and variety of fish and pelagics on its walls, reefs, pinnacles, and coral gardens, there is also fantastic "muck" diving for those into the smaller critters. Bilikiki Cruises is the premier dive operator in the Solomon Islands and we are fortunate to snag a 10 night booking. You'll fly a U.S. airline to Sydney, Australia where you have the option of spending a few days touring the area, then take another flight to Honaira, the capital of the Solomon Islands. From there you'll be whisked to the *Bilikiki* where you'll experience some of the best diving in the world.

\$4270 includes:
